Why We Provide This Training

To solve problems investors are facing

- Investors can find great deals at below market prices but most are not able to tie up and close on the deals because they don't have the cash it takes to buy these deals
- Investors can attract other investors with capital to help them buy these deals but the investors need to be educated about distressed assets and how to invest within the guidelines of the SEC (who governs the pooling of investor money)

How We Help Investors

- We teach investors about the SFR & Commercial market, about real estate syndications and how to work with us and others to buy deals in syndication
- We give investors the knowledge they need to do deals on their own

Yea, Finally Someone Sees
What We Really Need!

The *FOCUS*

- Investing In Syndications With Multiple Partners To Fund The Purchase Of Commercial Deals (the training applies to SFR as well)
- Specialization Is On Multi-Family (Apartments) With 50-300 Units In Stabilized Or Emerging Markets In Major Metropolitan Areas With 500,000 Population Or Greater

What Fees & Profits Do Syndicators Earn?

The Typical Fees That Syndicators Collect are:

- Acquisition Fees (for managing the acquisition of the deal)
- Property Management Fees (to oversee all management)
- Loan Fees (if arranging a loan for the syndication)
- Disposition/Sales Fees (for managing the sale & closing the Property LLC)
- Cash Flow Profit Splits In the deal
- Back End Profit Splits When The Deal Is Sold

There are NUMEROUS other fees a Syndicator MAY collect but we teach our members why it's best to collect only the customary fees. There's a BIG reason why.

Commercial v. Residential

- With our help, investors are able to move from Single Family Residential investing into Commercial quickly. We put investors on the fast track to success. Once an investor understands the differences, they see it can actually be easier to work with Commercial – and a lot more fun
- The difference will be in knowing how to analyze the deal. The financing is figured the same (on the value of the property), only the numbers are larger and the profits are much, much larger in Commercial
- Remember - You can use the knowledge you learn in this course to syndicate Commercial or Single Family Residential deals
